QHSE POLICY

AGTC is committed to achieve the highest standards of Quality, Health, Safety and Environment in its business operations, by consistently executing construction projects, turnkey solutions for Telecommunication & IT and Trading services to achieve and enhance customer satisfaction, with due priority to Health, Safety and Environmental protection through commitment to fulfil applicable legal and other requirements.

To achieve this **AGTC** is committed to:

- Implement, maintain and continually improve QHSE Management System meeting the requirements of International Standards.
- Integrate Quality, Health, Safety and Environment Management and Risk Management fundamentals in all business processes.
- Execute projects following good practices in project management to complete projects on time and within budget.
- Promote QHSE awareness and provide resources for effective implementation of QHSE Management System.
- Provide safe and healthy working conditions, by eliminating hazards and reduce OH&S risks, for the prevention of work-related injury and ill health
- Consultation and participation of workers and workers' representatives
- Protect Environment by preventing pollution and minimizing environmental impact of our operations by making efficient use of resources.

'QHSE Excellence' is the guiding principle in all our actions.
